Pregnancy**

*Rights*

# These are your *Rights* as a pregnant teen in school:

- Every child has the right to an education and can't be denied access to schooling if they are pregnant.
- If you are pregnant, you should be treated with respect and your pregnancy should be treated privately.
- Your school must find ways to support you so you can do your best with your education.
- If you are in matric, you must be told about examination dates and given the option to apply as a private candidate at a later stage if needed.

Pregnant learners have rights, policies at schools were created to protect you and your education.

Attending school while pregnant can be challenging. You are not alone! Reach out to trained counsellors at loveLife. Send a PleaseCallMe and they will call you back:
